

# From Monday's Daily.

Lem Overlock left last night for Phoenix, where he goes after two carloads of beef for the market here.

Miss Annie Hill, of Tucson, sister of Mrs. C. F. Beckwith, arrived this morning from that place and will remain for some time.

The James H. Jack Lumber Co. closed a deal with William Gerstberg today for property in Dubach canyon for their lumber yard. Consideration \$750.

Mead & Short, the well-known cattlemen, received three fine blooded horses this morning from Santa Barbara. The horses have been sold by these gentlemen to J. P. Cameo, who will use them for stocking up his range.

J. H. Fisher came in Saturday from the San Bernardino ranch and returned there this morning. He reports that section of the country in a flourishing condition; all of the crops have started and the alfalfa field are covered with a growth eight inches high. They have plenty of water for irrigation purposes and can raise all kinds of produce without the least trouble.

The Ft. Grant baseball boys returned to their post last night feeling a little sore over the loss of the game, but otherwise having a first class time. The boys are a gentlemanly lot as their conduct while in this city showed, and were not of boisterous tendency as is sometimes the result when the soldier boys get a chance to visit a city and can get liquid refreshments.

Rev. J. M. Kendrick, Bishop of New Mexico and Arizona, will be in Bisbee soon after Easter day and remain about a week. He will conduct the church services in Library Hall Sunday, April 17th, full notice of which will be published in the Oan. A large confirmation class is forming, and the church people in general are looking forward to much pleasure and profit from the bishop's visit.

## Bisbee Again on Top.

Were we in it? Well, we should say so. Warm! Why, our club would roast to death in Klondike; and there was more ginger in that ball game than you could find in all the epicure stores of the United States; that was the opinion of 500 base ball fans that attended yesterday's ball game at Don Luis. The soldiers might take the scalps of the Indians, but it remained for the Bisbee team to take theirs. It wasn't the best base ball game ever played but, considering the condition of the grounds and the high wind blowing all day, it was a good game.

Two train loads of people, besides those who went in all kinds of vehicles, journeyed to San Luis to see the game.

The Ft. Grant boys were the first to take the field for practice, and the way they threw and caught the ball made some of the "fans" exclaim that it was "all day with our boys," and many bets of two to one were offered that Ft. Grant would win. Capt. Turnbull sent his "giants" out for warming up, and at 2:30 the game started with Bisbee at the bat. The first three men up—Erb, Turnbull and Zabiskie—were promptly retired at first. The Fort Grants took the bat and made one run. Bisbee made two runs in the second, and Grant three more. At the end of the fifth the score stood six and six. In the sixth Bisbee took the lead and held it to the end, the final score standing twenty one to fifteen in favor of the city of copper.

## NOTES.

Ft. Huachuca next. The ladies were out in full force and applauded every good play.

The boys all say they are like Ft. Grant in one respect. They are willing to help Cuba from it (Spain).

Did you notice Turnbull's double play yesterday? Wasn't it a hot one?

Small. Our little center-fielder, is a ball player from his shoes up. He's all right.

"Old Hoss" Zabiskie upheld his reputation as the best catcher in the southwest.

Erb and Crawford kept the crowd in good humor during the game by their antics on the coaching lines.

Delaney was not in the best condition but made Ft. Grant think they had run up against a cyclone.

The Ft. Grant boys are gentlemen on and off the diamond and made many friends here.

Manager Kriphawn, Doc Clark and Allie Sowles were among the first in the crowd of rooters for the home team.

How do the "sore-heads" feel this morning?

Prietas, Sonora, is a model southwestern town; a few days ago as some of her citizens were digging holes in which to plant orange trees, a lead of gold quartz was struck that panned out \$140 per ton. This is not an imaginary incident; the mine was of course immediately located and promises to be one of the big mines of Sonora.—Phoenix Herald.

The following are the Bisbee citizens who are taking in the sights of Phoenix, the male members of which are to be initiated into the Mystic Shriner: Dr. F. A. Sweet and wife, Otto Van Canel and wife, E. B. Mason and wife, H. G. Howe and daughter, Messrs. Pen Williams, Richard Ham, John Mowbery, B. A. Packard, David Matthews, Donald McPhun, J. G. Ertchard and J. H. Humham.

# ARIZONA PRESBYTERY.

The Presbytery of Arizona resumed business on Saturday afternoon. The committee appointed to examine session records reported favorably and the records were approved.

The Rev. H. P. Corser was appointed to the home mission committee instead of Rev. Mr. Billman, removed.

The Rev. R. M. Craig, superintendent of missions, was authorized to proceed with the removal of the church building from Tombstone to Clifton, and with Rev. J. Mordy was appointed to organize congregations in Clifton, Morenci and Safford.

The petition from the church at Peoria for aid to erect a new church building was favorably reported to the board of church erection.

Different committees were appointed and arrangements made for the extension of the work.

A vote of thanks was presented as follows:

That the presbytery expresses its thanks to the Copper Queen Mining Co. for the use of their hall; to the I. O. O. F. for their courtesy in postponing their meeting to allow us to use their hall on Friday evening; to the Rev. J. G. Pritchard, Mrs. Mary Crosse of the Bessemer Hotel, and Dr. Sweet with other friends, for their hospitable entertainment of members of presbytery; to the A. & S. E. Railroad company for their generosity in giving to the members of presbytery free transportation over their road, and to the Bisbee Oan for furnishing reports of the work of presbytery.

Presbytery adjourned to meet in Sacaton in April, 1899.

On Sunday the meetings in the hall were specially interesting.

In the morning the Rev. John Mordy conducted divine service and preached an appropriate sermon, after which the sacraments of baptism and the Lord's Supper were observed, Rev. R. M. Craig presiding.

In the afternoon the Rev. C. H. Cook, of Sacaton, addressed the Sunday school and gave an interesting account of the work among the Pima Indians.

In the evening the hall was filled with an interested and interesting audience. Rev. John Mordy took as his subject "The Gospel that we preach."

Revs. Wyncoop and C. H. Cook spoke of "Our work amongst the Indians."

Rev. H. P. Corser spoke of "The work of the Gospel among the Boys, and Rev. R. M. Craig gave a short account of our "Mission and school work in New Mexico and Arizona," stating that, at this time, the Presbyterian church has in these territories fifty-six congregations, twenty-four ministers and missionaries, twenty evangelists, 2,300 church members, over 3,000 Sunday school scholars, forty-eight day school teachers, and 400 day school scholars.

## From Tuesday's Daily.

Bisbee now has three lumber yards.

Ed Land returned yesterday from a business trip to Tombstone.

Locking & Latley have closed out their candy and cigar store.

Wm. Manda, the cattle buyer, was an outgoing passenger last evening.

J. Merritt returned Sunday night from a short professional trip to Naco.

William Gadd returned today from Tucson, where he has been for some time.

Frank Hare and wife left last evening for Tombstone where they will remain for some time.

E. Bonquet, the cattleman who has been here for several days, left last night for Los Angeles.

Mike Cunningham returned this morning from Yuma, where he has been paying a visit to his sister.

Prof. Blake and George Roskrudge have gone on a short trip into the country on professional business.

Joe Burke, who left here sometime ago, returned Saturday and will accept a position in the Exchange saloon.

A hunting party, composed of several of our young men, will leave in the morning for the vicinity of Frontiers.

The condition of Howell Avenue is being very much improved under the supervision of Road Overseer Hughes.

The many friends of Mrs. Scott White in Bisbee will be glad to learn that she is recovering from her recent attack of illness.

M. M. Sherman returned today from his ranch in Sonora where he went with two carloads of bulls which arrived here a short time ago.

## At It Again.

It has been some time since the Arizona papers and populace have heard anything of the roving band of Apaches that were continually killing the prospectors and isolated cattlemen and driving off their stock. Since the "Fighting 7th" had their two engagements with them nearly two years ago they have kept in their retreat in the heart of the Sierra Madre; but their supply of horses being somewhat small and rather ancient, they decided to have new supply. This they accomplished about ten days ago by driving off three cow boys of the Diamond A company who had rounded up their cow-ponies for the spring roundup. The horses were rounded up and were being held at the head of the Animas valley near the boundary line of New Mexico, Arizona, and Chihuahua. The Indians surprised the cow-

boys and fired several shots at them. As there were seven or eight Indians, the three cowboys concluded that they did not care for a few head of horses and rode rapidly for camp. The Indians then drove the horses into the mountains and will probably not be heard of for some time. It might be wise, however, for all our prospectors and cattlemen to be on the lookout, as having received a fresh supply of horses these renegades may decide to make a raid through southern Arizona at any time.

## From Wednesday's Daily.

### Board of Supervisors.

The regular quarterly meeting was called to order at 9 o'clock Monday morning, the full board being present. The funds in the county treasury were counted and found to correspond with the books.

An order was made to the effect that the delinquent taxes for 1897 on lots 1 and 2, block 44, Wilcox, assessed to G. S. Stone, be cancelled, same having been paid by Kasper Houser.

In the afternoon session board met and allowed the following claims against the county:

John H. Norton & Co., steel cells for jail at Wilcox.....	336 83
Charlie Go So Son, interpreting W. H. Peers, road work.....	2 00
P. J. Delahanty, transportation of indigent.....	10 00
C. Q. Con. M. Co., supplies to Bisbee jail.....	24 95
Samuel M. Barrow, supplies to county jail.....	50 60
W. H. Peers, trimming trees in court house yard.....	2 50
Frank Platz, transportation of indigent.....	4 00
Huachuca Water Co., water.....	179 75
Scott White, salary, first quarter Mrs. John Henninger, feeding prisoners at county jail.....	520 05
A. R. English, district attorney, expenses.....	11 10
A. R. English, district attorney, expenses.....	9 00
C. W. Blackburn, burying indigents at Bisbee.....	25 00
P. B. Warneke, supplies.....	133 95
Nick Angius, scavenger at Bisbee.....	29 00
C. B. Tarbell, burying indigents Tombstone Gas Co., gas.....	125 00
Joel Neiswinder, repairing sewer Mile Noriga, interpreting.....	6 00
U. S. Gordon, contracting physician.....	1,530 80
Scott White, telegraphing.....	33 80
Chas. Granville Johnson, court judgment.....	120 60

### A Fatal Fall.

Yesterday afternoon John Dolan, better known as "Bodie," while going down a mine to the intermediate level, between the four and five hundred foot level in the Copper Queen mine, accidentally fell from the ladder to the bottom, badly cutting and bruising himself, which resulted in his death a few hours later.

"Bodie" had just gone on shift and was going to his place of work when he fell. He was seen to fall by Shift Boss Warner, who quickly descended the mine and with the help of the miners brought the injured man to the surface. He was at once taken to the company's hospital, where he lived but a few hours, he being injured internally.

"Bodie" was an old resident of Bisbee, arriving here in 1883. He was a man forty-three years of age and of splendid physique. John was of a jovial disposition and was always in a pleasant mood. He was in good circumstances, having several thousand dollars in various banks, besides owning an interest in a valuable group of mining claims near the Copper Queen. He was at one time a partner in the cattle business with Pete Johnston, but they sold most of their cattle last spring.

The funeral of the unfortunate man took place this afternoon and was well attended by his fellow miners, the members of the Bisbee fire department, of which he was a member, and many friends and acquaintances.

The K. P. band furnished appropriate music for the funeral services.

Among the novices who were exposed to the Shrine last night was a Bisbee gentleman. He was in the Bodega in the afternoon and seeing the nickel-in-the-slot weighing and fortune-telling device, invested a nickel in it. The fortune-telling is accomplished by the machine by cutting off a small section of paper usually bearing some motto. The following motto on the Bisbee man's slip was exceedingly apropos, taking his impending fate into consideration: "Friend, be on thy guard."—Republican.

The J. H. Jack Lumber company yesterday received two carloads of lumber which was taken to their yard in upper Brewery Gulch. They are now prepared to furnish lumber for all purposes, as well as estimates on all buildings. They have an office in Barnaby's store where your orders can be left. Mr. Case and Mr. Jack, the members of the company, are well known to our citizens, and will no doubt be given a good patronage.

Bisbee is certainly enjoying a season of prosperity and will continue in the present condition indefinitely. Houses for the company and all business houses are springing up on all sides. Real estate is increasing in value, and in a few years we will have a population of 8,000.

# NOTICE.

TO ALL WHOM IT MAY CONCERN: Notice is hereby given, that certain mining claims called the Tam Ben, McGinty, and Paragon, situated in the Warren mining district, about one-half mile north-easterly from the Holbrook hoisting works, and about the same distance from the town of Bisbee, A. T. As the above named claims were not located in conformity with the U. S. Mining Laws, therefore, a second party, claiming the same, is making it appear that these claims are a part of their incorporation, as they have no title to the same. I shall protect my rights in the courts, if necessary.

## Notice.

TO ALL WHOM IT MAY CONCERN: Notice is hereby given to all parties interested, that the three following named mining claims, to-wit: Tom Ben, McGinty and Paragon, claimed by the Cochise Copper Mining company to belong to them is untrue; that I am the owner of said claims, being the only person who ever located them in accordance with the Act of March 10th 1872, and I have fully complied with all its requirements, by doing the \$100.00 worth of assessment work up to the present date on each of the above named claims. I therefore strongly protest against the Cochise Copper Mining company's making it appear that these claims are a part of their incorporation, as they have no title to the same. I shall protect my rights in the courts, if necessary.
